5.4.1 Report on Alumni Engagement 2020-21

The Alumni Association was formed in the year 2018 in the name of Hitech Alumni Association which was registered in the society (444/2018). Alumni's are one of the main stakeholders of the Hindusthan Institute of Technology. They contribute immensely to the development of the institution in multiple dimensions. The following are the alumni activities who engaged themselves in connection to the institution and students community of various disciplines.

S.NO	Event Title	Event type (webinar/seminar/ guest lecture....)	Name of the Alumni, Batch, designation with address	Event date	No of participants	Mode of the event (online/ offline)
1	Alumni Interaction on "Digital Twin Industrial IoT"	Webinar	Mr.Sooraj Sankar (2012-2016) Software Engineer HASURA Bangalore	18.02.2021	75	online
2	Alumni Talk on Emerging Trends in Automotive Emission Control	Guest Lecture	Mr.M.Senthil Kumar 2013-2017 Batch R & D Engineer, Chakr Innovation Pune	25.09.2020	45	online
3	Alumni Talk on Emerging Trends in Automotive Safety Systems	Guest Lecture	Mr.P.C.Mohamed Zaid 2013-2017 Batch Team Lead Engineer International Centre for Automotive Technology Chennai	25.09.2020	50	online
4	Alumni Talk on Basics of Motorcycle Dynamics and Testing	Guest Lecture	Mr.P.Pratheesh 2014-2018 Batch Executive Engineer R& D, Kawasaki Motors Pvt. Ltd.Pune	26.09.2020	50	online
5	Java Script and Angular	Technical Workshop	Mr. Pradeep Kumar 2011-2015 Batch Senior Tech lead,HCL Technologies, Bangalore.	27.01.2021	100	online

6	5 Days online Faculty Development Program on "Recent developments in aerospace materials and characterizations "	Faculty Development Program	Mr.M.Mukesh 2011 to 2015 batch Research scholar, IIT Madras	26.7.2020	55	Online
7	5 Days online Faculty Development Program on "Recent developments in aerospace materials and characterizations "	Faculty Development Program	Mr.Siva Marimuthu 2008 to 2012 batch Senior Lecturer, School of Aircraft Maintenance, Nilai University, Malasiya	27.7.2020	55	Online
8	Opportunities in Defence sector for Engineers	Webinar	Major A. Sanath 2009 to 2013 Batch Indian Army	6.3.2021	90	Online
9	UAV pilot " A career opportunities with state-of-the-art technology	Webinar & Alumni Interaction	Mr.N.Keerthivarman 2014-2018 batch, UAV Pilot, Drone pilot Network, Ideaforge Drones.	21.1.2021	95	Online
10	Webinar on "Fighting covid-19 using 3D PRINTING TECHNOLOGY "	Webinar	Mr. Rahul.A, (2016-2020) Founder , Crazy Makers, Coimbatore. (Alumni)	31.05.2021	113	Online
11	Facing the Interviews	Awareness Program	Mr.G. Nivesh 2018-2020 Batch Executive Trainee Equity Small FInance Bank	19.03.2021	60	online
12	Expectations of Corporates - Young Graduates	Webinar	Mr. V. Siva Subramania Raja 2016-2018 Batch HR Executive, TVS Group of Companies, Chennai	28.08.2020	65	online

Geometry parameters
Motorcycles can be described using the following geometric parameters:
* d wheelbase
* d fork offset: perpendicular distance between the axis of the steering head and the center of the front wheel
* ε caster angle
* Ar radius of the rear wheel
* Af radius of the front wheel
* tr radius of the rear tire cross section
* tf radius of the front tire cross section.
Some important geometric parameters can be expressed in terms of these variables:
* pr = (Ar − tr) radius of the front torus center circle
* pf = (Rf − tf) radius of the rear torus center circle
* on = Af sin ε − d normal trail
* o = on / cos ε = Af tan ε − d / cos ε mechanical trail.
Formula for finding trail
caster angle (Ar)
Offset (Df)

Kawasaki
Fork bending
1. From a structural point of view, a very small angle causes notable stress on the fork during braking. Since the front fork is rather deformable, both flexionally and torsionally, small values of the angle will lead to greater stress and therefore greater deformations
2. This can cause dangerous vibrations in the front assembly (oscillation of the front assembly around the axis of the steering head, called wobble)

ONLINE FIVE DAYS FACULTY DEVELOPMENT PROGRAMME

"RECENT DEVELOPMENTS IN AEROSPACE MATERIALS & CHARACTERIZATIONS"

ABOUT THE COLLEGE

Hindusthan Institute of Technology is one of the leading Engineering Colleges imparting quality Technical Education to the aspirants from Tamilnadu and other neighboring states. It is run by Hindusthan Educational and Charitable Trust under the leadership of Sri.T.S.R.Khannaiyann and Smt. T.R.K Sarasuwathy Khannaiyann.

The Institution was established in the year 2007 and is affiliated to Anna University Chennai. The Institution is well known for its high educational standards with excellent infrastructures, spread over 200 acres and is located on the Coimbatore - Pollachi National Highway. The Institution currently offers 6 UG and 4 PG programme.

ABOUT THE DEPARTMENT

Department of Aeronautical Engineering at Hindusthan Institute of Technology offering an integrated curriculum of technical education and research to students, right from its inception in the year 2007. The department is committed to establish itself as an excellent academic center through expert pedagogical methods and modern laboratories to produce world class aeronautical engineers, to disseminate knowledge through seminars, conferences, symposiums and continuing education programs. It is well equipped with state of the art laboratories. Our Ultimate aim is to prepare the young and dynamic Engineers and to make them globally competent for success and leadership in the area of Aeronautical Engineering.. Faculty members are publishing in highly reputed international, national journals and in conferences. The department has got three years accreditation by NBA.

AIM & OBJECTIVE OF FDP

Faculty Development Program aims at build an academic research oriented culture within the institute to encourage faculty members to engage in meaningful research and enhance in the field of Aerospace Materials and their capabilities to generate and extend their knowledge to students and other important stakeholders. It is expected to develop faculty capacity as teachers, consultants and researchers which would further contribute to the student community, industry and society at large by way of knowledge generation and extension. During this lockdown pandemic period it is to assist faculty members in improving performance in teaching, scholarly activity, and service.
