DBT sponsored
Two day National Seminar on
"Genomics and Precision Medicine: Molecular Diagnostics Innovations Shaping the Future of Healthcare in India"

27th July 2022 & 28 th July 2022

Registration Form

Name:.....

Degree: UG / PG / FACULTY

Designation:.....

Department:.....

Institution:.....

Mailingaddress.....

.....

.....

Phone:.....

Mobile:.....

Email:.....

Demand Draft No. & Bank :

…….....

Accommodationrequired:Yes /No

Date:
Place:
Signature

CHIEF PATRON

Shri. T.S.R.Khannaiyann,

Chairman

Smt.T.R.K.Sarasuwathi,

Secretary

Dr. K.Priya,

Executive Secretary

PATRON

Dr.C.Natarajan,

Principal

CONVENER

Dr. B.Paulchamy,

Prof. & HOD / Dept .of ECE

CO-ORDINATOR

Dr.K.Mahendrakan

Associate Professor / Dept .of ECE

The duly filled application form be sent to:

Dr.K.Mahendrakan

Associate Professor

Department of ECE

Hindusthan Institute of Technology

Coimbatore - 641 032.

Contact no : 9976064001

E-mail :hit.ece@hindusthan.net

The details of this Seminar is available in the website http://www.hit.edu.in/

DBT sponsored
Two day National Seminar on
"Genomics and Precision Medicine: Molecular Diagnostics Innovations Shaping the Future of Healthcare in India"

27th July 2022 & 28 th July 2022

Organised by
Department of
Electronics and Communication Engineering

HINDUSTHAN INSTITUTE OF TECHNOLOGY
Autonomous Institution
Valley campus,Pollachi main road,
Othakkalmandapam, Coimbatore – 32
Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai,
Accredited with "A" Grade by NAAC and Accredited with NBA

Phone:0422-2610833 Fax:0422-2610833

ABOUT THE COLLEGE

Hindusthan Institute of Technology is one of the leading Engineering Colleges imparting quality Technical Education to the aspirants from Tamilnadu and other neighboring states. It is run by Hindusthan Educational and Charitable Trust under the leadership of Sri.T.S.R.Khannaiyann and Smt. T.R.K Sarasuwathy Khannaiyann.

The Institution was established in the year 2007 and is affiliated to Anna University Chennai. The Institution is well known for its high educational standards with excellent infrastructures, spread over 200 acres and is located on the Coimbatore - Pollachi National Highway. The Institution currently offers 6 UG and 4 PG programs.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering was started in the year 2007 with vision to develop Centre of Excellence in the wide area of Electronics & Communication Engineering Field and to promote innovative research and development.

The department has well equipped laboratories with latest simulation Software and eminent faculty member with good academic records. Our Department got **Research Centre**Recognition from Centre for Research Anna University Chennai.Under R&D many students doing their project in our department itself.

ABOUT DBT:

Department of Biotechnology (DBT) was set up in February, 1986 and the NBTB selected Dr S Ramachandran as the first Secretary of the department. The DBT constituted a ten member Scientific Advisory Committee (SAC) with heads of various scientific agencies. The Department through its National Biotechnology Development Strategy announced in 2015, lays major emphasis on generation of biotech products, processes and technologies for enhanced efficiency, productivity and cost-effectiveness in the areas of agriculture, food and nutritional security; affordable health care and wellness; environmental safety; clean energy, biofuel, bio-manufacturing etc.

ABOUT THE SEMINAR

The aim of this seminar is to enhance the knowledge about Genomics and Precision Medicine. Genomics utilizes sequencing technologies to support patient diagnosis and care . Healthcare professionals use diagnostics in about 70% of their decisions to select the appropriate treatment(s) for patients. Technical advances have recently caused an expansion in molecular genetics and genomics testing making them a thriving part of the clinical diagnostics services.

Recent advances in genome sciences and technologies offer great hope for meeting high aspirations and expectations of the precision medicine. There is great hype and lot of expectations from genomic application and translation in clinical medicine and healthcare.

This event aims to build bridges across relevant application areas, between science & engineering and Innovation & technology.

TOPICSCOVERED

- Neurology and Neuropsychiatric genomics
- Systemic genomics
- Bioinformatics, Genomic Education and Training
- Computational Biology on non-coding Functional RNAs
- Population and Forensic genomics
- Clinical genomics and genetic counselling.
- Genomics of rare diseases
- Genomics of complex disorders
- Gene therapy and Cell therapy
- Epigenome- structure, function and human diseases.
- Ethical, Social and Legal aspects of Genomics

ELIGIBILITY

Faculties from Engineering colleges, Research Scholars, Industrial Persons and UG & PG students are eligible for the Seminar.

ACCOMMODATION

Accommodation and boarding if required will be provided in the college premises on chargeable basis.

.REGISTRATION

No Registration fee for participants.

SCHEDULED DATE

Last date for receipt of application	: 15.07.2022
Intimation of Selection by email	: 19.07.2022
Confirmation by Participants	: 20.07.2022
