Date:
Place:
Signature

CHIEF PATRON

Sri. T.S.R.Khannaiyann,

Chairman

Smt.T.R.K.Sarasuwathi Khannaiyann,

Secretary

Er. K.Priya Satish Prabu,

Joint Secretary

Hindusthan Educational Institutions

PATRON

Dr.C.Natarajan,

Principal

CONVENER

Dr. B.Paulchamy,

Prof. & HOD / Dept .of ECE

CO-ORDINATOR

Mr.A.Vidhyasekar

Assistant Professor / Dept .of ECE

The duly filled application form be sent to:

Mr. A.Vidhyasekar

Assistant Professor /Department of ECE

Hindusthan Institute of Technology

Coimbatore - 641 032.

Contact no : 9790507386

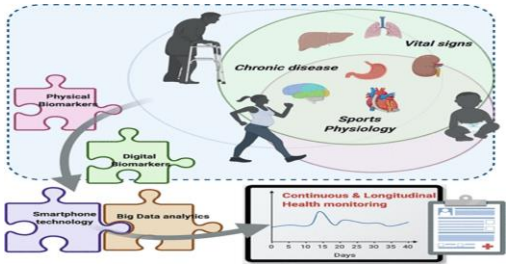
E-mail :vidhyasekar@hit.edu.in

The details of this Seminar is available in the website www.hindusthan.net

DRDO Sponsored one day National Seminar on

"Real-time continuous monitoring of biomarkers to advance soldier performance and neuro enhancement in Military Personnel"

08.03.2023



Organised by

Department of Electronics and Communication Engineering

HINDUSTHAN INSTITUTE OF TECHNOLOGY

Othakkalmandapam, Coimbatore – 32

Approved by AICTE, New Delhi

&Affiliated to Anna University, Chennai,

Accredited with "A" Grade by NAAC

And Accredited with NBA

Phone:0422-2610833 Fax:0422-2610833

E-Mail : hitinfo@hindusthan.net

hitprincipal@hindusthan.net

ABOUT THE COLLEGE

Hindusthan Institute of Technology is one of the leading Engineering Colleges imparting quality Technical Education to the aspirants from Tamilnadu and other neighboring states. It is run by Hindusthan Educational and Charitable Trust under the leadership of Sri.T.S.R.Khannaiyann and Smt. T.R.K Sarasuwathy Khannaiyann.

The Institution was established in the year 2007 and is affiliated to Anna University Chennai. The Institution is well known for its high educational standards with excellent infrastructures, spread over 200 acres and is located on the Coimbatore - Pollachi National Highway. The Institution currently offers 6 UG and 4 PG programs.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering was started in the year 2007 with vision to develop Centre of Excellence in the wide area of Electronics & Communication Engineering Field and to promote innovative research and development.

The department has well equipped laboratories with latest simulation Software and eminent faculty member with good academic records. Our Department got **Research Centre**Recognition from Centre for Research Anna University Chennai.Under R&D many students doing their project in our department itself.

VISION

To develop value based professionals with a strong foundation in Electronics and Communication Engineering and innovative technical skills with eminent leadership qualities and ethical conduct.

MISSION

MD1: To establish a conducive and inspiring learning environment towards value based education.

MD2: To educate the students with the state of art technologies to meet the growing challenges of the industry and to guide them towards research in varied fields.

MD3: To provide a quality system for wholesome learning to achieve progress and prosperity in life along with moral values.

ABOUT THE SEMINAR

The seminar will bring together leading experts, researchers, Military personnel, to showcase and discuss the latest research and future applications of real-time biomarkers monitoring as it relates to warfighter physical performance monitoring and injury prediction. Unifying technologies and applications for real-time and continuous biomarker monitoring is considered to be the next step in monitoring Military personnel for physical performance and injury prevention. In particular, the measurement and analysis of 'in-the-wild' health and performance data will assist commanders with combat decision making. The MQ Military Biomarker seminar will allow end-users to provide potential use-case examples of where they see benefits of biomarker application and engage with biomarker / biosensing researchers on technological advancements that have immediate and future applications.

TOPICSCOVERED

- The bio-sensing continuum: from inside to outside
- Measurement and analysis 'in-the-wild'
- Biomarkers and bio sensing for prediction of physical exhaustion, injury/illness risk
- Sensors for full-body monitoring of physical performance and health
- Decision-making and information processing for task performance using monitoring platforms
- Large-scale biologic monitoring
- Neuroenhancement in Military Personnel: Conceptual and Methodological Promises and Challenge
- Leveraging and using AI during continuous real-time monitoring and identifying biomarkers
- Advancements in technology and data analytics

ELIGIBILITY

Faculties from Engineering colleges, Research Scholars, Industrial Persons and UG & PG students are eligible for the Seminar.

.REGISTRATION

All Students/faculty/research scholar have to pay Rs.200/Rs.300/Rs.500 as registration fee by Demand Draft in favour of 'The Principal, Hindusthan Institute of Technology', Payable at Coimbatore.
