ABOUT THE COLLEGE

Hindusthan Institute of Technology is one of the leading Engineering Colleges imparting quality Technical Education to the aspirants from Tamilnadu and other neighboring states. It is run by Hindusthan Educational and Charitable Trust under the leadership of Sri.T.S.R.Khannaiyann and Smt. T.R.K Sarasuwathy Khannaiyann.

The Institution was established in the year 2007 and is affiliated to Anna University Chennai. The Institution is well known for its high educational standards with excellent infrastructures, spread over 200 acres and is located on the Coimbatore - Pollachi National Highway. The Institution currently offers 7 UG and 4 PG programs.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering was started in the year 2007 with vision to develop Centre of Excellence in the wide area of Electronics & Communication Engineering Field and to promote innovative research and development.

The department has well equipped laboratories with latest simulation Software and eminent faculty member with good academic records. Our Department got **Research Centre** Recognition from Centre for Research Anna University Chennai.Under R&D many students doing their project in our department itself.

VISION

To develop value based professionals with a strong foundation in Electronics and Communication Engineering and innovative technical skills with eminent leadership qualities and ethical conduct.

MISSION

MD1: To establish a conducive and inspiring learning environment towards value based education.

MD2: To educate the students with the state of art technologies to meet the growing challenges of the industry and to guide them towards research in varied fields.

MD3: To provide a quality system for wholesome learning to achieve progress and prosperity in life along with moral values.

ABOUT THE SEMINAR

The primary goal of this seminar is

The seminar will add a multidisciplinary approach to the existing research on tribal/ indigenous communities in India. While the conventional areas within the disciplines of Literature, Linguistics, History, Sociology and Anthropology will dominate the discourse, new areas from Cultural Studies, Folklore Studies, Film Studies, Art and Aesthetics etc, will also be introduced. Finally, it is hoped that by critiquing existing approaches to tribal healthcare and education in India, the seminar will lay the groundwork for some much-needed changes in government policy towards the Scheduled Tribes.

The seminar would provide a valuable opportunity for young researchers to engage with well-established scholars, which would help enhance their own research.

IMPORTANT SUB-THEMES OF THE SEMINAR:

- **Oral Tradition and Modernity**
- **Tribal Memory and Imagination**
- **Tribal Art Forms and Aesthetics**
- **Tribal Versions of the Indian Epics**
- **Script Movements among Tribal Groups**
- **Endangered Oral Languages**
- **Tribal Resistance Narratives**
- **Approaches to Tribal Healthcare**
- **Tribal Education and Employability**
- **Human Trafficking In Tribal Areas**

ELIGIBILITY

Faculties from Engineering Colleges, Research Scholars, Industrial Persons and UG & PG students are eligible for the hands on training.

REGISTRATION

No registration fee for all theparticipants. Registrartion is limited to 75participants and selected on first-come-firstserve basis. The applicants should fill thebelow Google form link and upload theirscanned copy of application.

SCHEDULED DATE

Last Date for Registration: 02.08.2023
Intimation of Selection: 04.08.2023
Confirmation by Participants: 06.08.2023
