ACADEMIC YEAR:
2021-2022 (ODD)

Imagine with all your mind.
Believe with all your heart.
Achieve with all your might.

Mission:

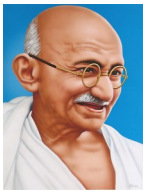
MD1: To promote quality technical education to the students that prepares them for professional engineering practice.

MD2: To frame the engineering students with high moral and ethical values.

MD3: To seek continuous improvement in the learning process of the students to enhance their technical skills

Vision:

To inculcate professionalism in the field of mechanical engineering for the students by providing quality education and learning opportunities to become an ethically strong engineers contributing the growth of the nation in future



"If we want to reach real peace in this world, we should start educating children's"

- Mahandma

About Department :

The Department of Mechanical Engineering was started in the year 2009 with vision to develop Centre of Excellence in the wide area of Field and to promote innovative research and development. The department has well equipped laboratories with latest design & Analysis Software's and eminent faculty member with good academic records.

About the college

Hindusthan Institute of Technology was started in the year of 2007 by the great industrialist and philanthropist, Thiru.T.S.R.Khannaiyann.

The primary objective of the Hindusthan Institute of Technology is to educate and prepare men and women for leadership in industry, government, and educational institutions; to advance the knowledge base of the engineering professions; and to influence the future directions of engineering education and practice.

The College has well-furnished classrooms, state-of- the-art laboratories, computer centers and a well-stocked library. Separate Hostels with all the modern amenities are provided for men and women. The campus consists of lush green lawns, a playground, GYM and also facilities for indoor games. A fleet of vehicles caters to the transport needs.

HIT believes not only in educating the students, but also grooming characters, with moral and ethical values, thus building the nation. Since its inception, the college has been providing world-class facilities & infrastructure in education and learning. The emphasis is on transformational leadership rather than directional leadership. The aim is to establish new trends, introduce innovative training methodologies, and thus guide students towards the road to success..

Editor's Desk:

It is a matter of great satisfaction that "INFO MECH" issue is going to publish. This news letter is an excellent platform for faculty and students to keep themselves updated about all the recent events and department activities. As a faculty I feel delighted to see the students and faculty members cooperation to deliver their best. I wish my best to the new issue and hope the news letter continue its commendable work in keeping us updated.
