ABOUT THE COLLEGE

Hindusthan Institute of Technology is one of the leading Engineering Colleges imparting quality Technical Education to the aspirants from Tamilnadu and other neighboring states. It is run by Hindusthan Educational and Charitable Trust under the leadership of Sri.T.S.R.Khannaiyann and Smt. T.R.K Sarasuwathy Khannaiyann.

The Institution was established in the year 2007 and is affiliated to Anna University Chennai. The Institution is well known for its high educational standards with excellent infrastructures, spread over 200 acres and is located on the Coimbatore - Pollachi National Highway. The Institution currently offers 7 UG and 4 PG programs.

ABOUT THE DEPARTMENT

The Department of **Science and Humanities** was started in the year 2007 with well-equipped laboratories to develop wide area of engineering and to promote innovative research in basic sciences. The department is committed to provide stimulating Teaching -Learning process which encourage students' retention and developing the institute as a Centre of Excellence through its continual improvement in educating the students with moral ethical values.

The Department of **Electronics and Communication Engineering** was started in the year 2007 with vision to develop Centre of Excellence in the wide area of Electronics & Communication Engineering Field and to promote innovative research and development.

The Department has well equipped laboratories with latest simulation Software and eminent faculty member with good academic records. Our Department got Research Centre Recognition from Centre for Research Anna University Chennai.Under R&D many students doing their project in our Department itself.

ABOUT THE SEMINAR

The National Education Policy 2020 (NEP) has a vision to reinstate India in the coveted position of world leader at global level. It provides an opportunity to the higher Educational Institutions to create a system that contributes directly to transform the country into a global knowledge superpower. It aims at an inclusive and equitable education system and at Higher education level introduces broad-based, multi-disciplinary, holistic education with flexible curricula, creative combinations of subjects, integration of vocational education and multiple entries and exit points with appropriate certification. As per the NEP 2020, India is a country with a treasure of culture heritage in the forms of Arts, custom, literature, tradition and much more. This makes India one of the most civilized societal countries with rich culture and heritage. The new National Education Policy 2020 (NEP) has a clear vision to re-establish India in the desirable position of world leader at global level. The prime objective of organizing this seminar is to provide a common platform to all the participants where they can discuss and ponder over the concern of National Education Policy 2020 in depth.

An innovative and unique programme is Department of Electronics and Communication Engineering jointly conducted with the Science and Humanities, Hindusthan Institute of Technology, Coimbatore plans to organize a National Seminar on the **"Revamping Indian Tradition and Culture Empowering Youth for Future Challenges through NEP 2020: Multilingual, Multicultural & Multidisciplinary Modes of Education.**
